

Soffa

A new sensation everyday

CE

Soffa

A new comfort style, with carefully studied shapes, and with high-level components.

Perfectly bent backrest for an optimal support while maintaining the integrity of the user's autonomy.
Independent lumbar cushion = support and comfort.

The armrests are long, high, do not place the user's arms forwards, and bring a real feeling of safety.

The quality components have a high level of comfort and result from the modern furniture technologies.

The legrest was carefully studied:
- Precise and functional shapes (concave cushion)
- Total retraction under the seat (-3°) when transferring the user
- In the same plane as the seat when it opens
- Serial automatic inclination.

The user's pleasure is not forgotten thanks to 2 serial side storage pockets.

OPTIONS

Push-handle
(to order with the chair)

Thermoformed shelf

Wing headrest

Additional Y harness

Extra-flat, height-adjustable one-piece footrest
(to order with the chair)

Seat with integrated viscoelastic foam

● Waterproof PVC seat cover for incontinent users
(replacing the microfibre cover)

Soffa

Type A Sofa

Comfort and safety

Aided inclination

The user may totally tilt thanks to the handles and a damping gas cylinder under the seat. No adjustment or retightening is necessary over time.

Type B Sofa

Comfort and precision

Aided inclination through a gas cylinder with blocking

For a secured, flexible, and comfortable use of the shell inclination by the user or the accompanying person. The cylinder control may be placed on one of the side handles or on the optional push-handle.

Type C Sofa

Comfort and autonomy

Electrical inclination

The user is totally autonomous and chooses as required the position of the shell thanks to the remote control.

In case of power outage: quick extraction of the cylinder for a serial mechanical reset by an accompanying person or an electrical reset through the optional battery supply box.

COVERINGS AND COLOURS

(available on the 3 types of Sofa)

Microfibre with high level of comfort and well-being

Cotton knit fabric with bactericidal, fungicide, waterproof and M1-class satin **PVC** coating
